

Fundraiser Auction
CSA World Congress Banquet - Olds, AB
Saturday August 3, 2024
Live Auction 7:00 PM MST
Timed Auction Closes Following Live Sale

Message from the FCSF President

Welcome to the 2024 edition of the Friends of Canadian Simmental Annual Foundation Auction. On behalf of the Board of Directors, we are thrilled to be in Alberta for this year's Foundation Auction, CSA Convention, and the World Simmental Fleckvieh Congress. It's exhilarating to witness the immense support for the Foundation and the Simmental breed from breeders, members, and Simmental enthusiasts across the country.

A heartfelt thank you to everyone who has generously contributed to this year's sale. Your donations are invaluable to our mission.

Our foundation's core mission encompasses educational scholarships, bursaries, youth development, and breed research. The foundation finances and administers all youth scholarships, providing crucial support for the next generation of Simmental breeders. Additionally, we provide annual financial support for the YCSA at national events to foster youth involvement in agriculture.

Gratitude is due to the CSA staff, the Foundation Board, and all volunteers whose dedication makes this event possible. From myself and all of the FCSF Board members, thank you for participating in this year's auction. We look forward to an exciting event here in Alberta and extend a warm welcome to attendees of the World Simmental Fleckvieh Congress from around the globe.

Sincerely,

Garth Rancier FCSF President

On behalf of the Canadian Simmental Association, I warmly invite everyone to join us for the annual Friends of Canadian Simmental Foundation fundraiser auction. It is exciting to have the FCSF sale in Olds, Alberta and a featured event as part of the World Simmental Congress.

Over the years, this event has grown into one of the biggest cattle fundraising events in Canada and a major fundraising event for FCSF. Thanks so much to past donors, sponsors, industry partners and everyone who has purchased items as your support has helped the FCSF build a strong foundation for the future. Each year funds raised through this sale allow the FCSF to continue the work supporting youth, research and development in the Simmental breed.

This year boasts an exciting sale offering and thanks to the organizing committee for putting together what is sure to be an exciting event. Please know that your involvement throughout the process is appreciated. If you can't be with us in Olds, but still wish to support the FCSF then contact any of the sale consultants, an FCSF director, or watch and participate online with DLMS.

Looking forward to seeing you in Olds!

Shane Williams CSA President

Or any of the FCSF Board of Directors to bid on your behalf if you can not be in attendance or be online for the 2024 auction.

How to bid online with DLMS FarmGate for the Timed Auction with Extended Bidding

1. Visit dlms.ca and follow the link to the DLMS FarmGate timed auction site www.farmgatetimeductions.ca, click the LOGIN/REGISTRATION button.

First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a user name and password for use on all Farm Gate Timed auctions. This program will send you text and email messages whenever there is activity on your favorite lots or someone challenges your proxy bid and this is why you will be asked for both your current email and cell phone number. If you are a past participant in the Farm Gate Timed auctions simply enter your user name and password to continue. This takes you to a list of both current and upcoming Farm Gate Auctions.

2. You can choose your favourite lots in this sale at this time and the program will allow you to open either all sale lots or just your favorite lots on your screen. Any time there is active bidding on a lot you have identified on your favorite list you will get a text and/or an email noting this activity.

3. The program allows you to place a proxy bid on any sale lot. This in fact protects your interest in any lot of interest for you to a specified dollar value you set, when you may not be able to give 100% attention to the sale. If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest.

4. At closing time of the sale the entire sale will extend bidding if a bid is placed on any lot in the sale. Any bid received after close time will extend the sale by the time listed on each sale. In Most cases the time gets shorter the longer in to extended bidding the sale is. When no bidding occurs for the extended time the computer will declare the sale finished.

5. Following the sale the Owner or Sale Manager will invoice all buyers in the sale, please contact the seller with questions or to arrange delivery, pick up or shipping of your purchases.

WHAT IS RACEHORSE STYLE SALE CLOSE? Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

HOW WILL EXTENDED BIDDING WORK? When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

Fundraiser Auction

Saturday August 3, 2024

In Conjunction with the CSA World Congress Banquet

Live at Pomeroy Inn & Suites - Olds, AB

& Online at www.dlms.ca

Who is the Friends of Canadian Simmental Foundation

The Friends of Canadian Simmental Foundation (FCSF) is a not-for-profit registered foundation dedicated to scholarship and educational support of youth in the business of agriculture and Simmental cattle.

The Foundation is governed by a board of directors who are heavily involved in the Simmental industry and who have a vested interest in educating youth, developing leadership, and encouraging young people to be a part of the agriculture industry.

The Friends of Canadian Simmental Foundation belongs to all of those that had the vision to believe in bringing the Simmental breed to Canada, those that supported and have developed it over the past 57 years, and those that see the value it brings to the generations of the future.

Focus of the Friends of Canadian Simmental Foundation

Scholarships - The FCSF administers scholarships for youth who are involved in Canadian agriculture. Assisting in the development of youth with a focus on advancing their understanding of agriculture is a very important component of the FCSF.

Youth Development - The FCSF supports youth programs such as the Young Canadian Simmental Association (YCSA). The YCSA is one of the most progressive and dynamic agricultural youth organizations in Canada. It is open to anyone 25 years and under who then have the opportunity to participate in various activities across Canada. YCSA members learn important skills including public speaking, marketing and communications which develop strong and dynamic leaders for not only our industry, but society as a whole.

Research and Development - The FCSF is actively engaged in supporting research to benefit the agriculture industry in Canada. This work is focused on improving the Canadian beef industry by enhancing production efficiency, product quality and profitability.

What the Friends of Canadian Simmental Foundation is doing

FCSF Scholarships

The Friends of Canadian Simmental Foundation is honored to administer 5 exciting post-secondary scholarships. The Friends of Canadian Simmental Foundation recognizes the importance of supporting youth in agriculture and their goals of advanced education. The scholarship program is one of the ways that the Foundation intends to support youth and the future of the livestock industry. In 2024 the FCSF will award \$15,000 in scholarships.

The current 2023 winners are listed on page 3 of the catalogue or go online to www.simmentalfoundation.com to find past winners and the current application form that can be used for all of the scholarships for the 2024 - 2025 academic year.

Youth Development

The FCSF supports youth programs such as the Young Canadian Simmental Association (YCSA). The YCSA is one of the most progressive and dynamic agricultural youth organizations in Canada. It is open to anyone 25 years and under who then have the opportunity to participate in various activities across Canada.

For 2024 the FCSF will directly support the YCS with a portion of the Auction process going directly to their program to assist in the operation of their 2024-2025 activities.

How to Contribute to the Friends of Canadian Simmental Foundation

The Friends of Canadian Simmental Foundation value all of those that support the philosophy and work the Foundation is committed to. With the FCSF having Charitable Tax Status we are able to provide those who donate to the Foundation with a charitable tax receipt. FCSF supports the programs and activities that not only benefit the Agriculture Industry today but also helps establish the future of the agriculture industry for tomorrow's youth.

In addition to donating or purchasing at the Foundation Fundraising Auctions each year, you can also use some of the other traditional methods of giving include such as: cash donations, sponsorships and memorials.

Contact any of the FCSF Directors about making a donation or send your gift to the Friends of Canadian Simmental Foundation today.

Please make your check payable to:
Friends of Canadian Simmental Foundation
#13 - 4101 - 19th St. NE
Calgary, Alberta Canada T2E 7C4 Ph: 403-250-7979

Exciting things the Friends of Canadian Simmental Foundation has done in 2023

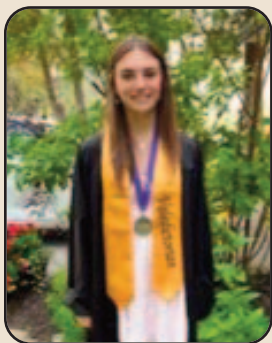

Scholarship Program

The Friends of Canadian Simmental Foundation is honored to administer the post-secondary scholarships and bursarys that provide four \$3,000 scholarship to promising young students pursuing a degree or certificate at an accredited institution and the Trevor Vance Scholarship is one award of \$2000 to a first year student.

The Friends of Canadian Simmental Foundation recognizes the importance of supporting youth in agriculture and their goals of advanced education. The scholarship program is one of the ways that the Foundation intends to support youth and the future of the livestock industry.

Please go online to www.simmentalfoundation.com to find the current application form that can be used for all of the scholarships for the 2024-2025 academic year. All applicants who have not received a scholarship in the past will be considered for the Friends of Canadian Simmental scholarships and only first year students are eligible for the Trevor Vance Memorial scholarships. The deadline for applications is September 30, 2024

	60 lb	712 lbs	1120 lbs		12.0	-0.3	87.7	136.2	6.9	65.0	21.1

We are delighted with the opportunity to support the Foundation and donate this years lot 1 heifer. Supporting the foundation has a lot of meaning to our family as the YCSA and National Classics played a pivotal role in getting us started in the breed, and it continues to keep our kids engaged in the Simmental community. We believe in the FCSF enough that this heifer is selected straight from our keeper pen.

For the pedigree buffs; her dam is a maternal sister to the dam of RF Capacity, which has already left his mark on the breed in Canada. 053H is also a paternal sister to RF Caliber who is just beginning to leave his mark. 313K also represents the first calf crop from the high seller, RF No Limits, who is gaining major popularity after his progeny sold last fall and this spring.

For the EPD guru's, at the time of print, 313K is above average in 12 of 15 traits and top 20% or better in the breed in 10 traits!

For the breeders that love a productive front pasture cow, 313K stems from 4 generations of great uddered, high volume cows from the Famous family that have put bull after bull through our bull sale and daughters back into our herd.

She ultrasounded safe with an early March 23 service to LFE Best Answer and a high probability of a heifer calf. She will be missed in our herd but we are excited to have the opportunity to support the Friends of Canadian Simmental Foundation.

3 Great Ways you can Support the Foundation this year!!

1. Make a plan to purchase tickets on the Donation Heifer. Remember for each \$20 Ticket you have a chance in the draw for the Bred Heifer ~ In person at Old, AB for the Sale, Bid on DLMS.ca, or talk to any of the FCSF Board or sale staff to purchase tickets for you.
2. View the catalog and chose from all of the outstanding items available in this year's sale. If you are not coming to the Olds, call any of the sale staff, the FCSF Board or bid online with www.dlms.ca. Remember this year we will be having both a LIVE auction at 7:00 PM MDT and a TIMED Racehorse style auction that will start closing 5 min after the draw for the Donation Heifer Ticket is picked. Purchasing lots out of the sale support the Foundation so we can continue to provide Scholarships and support the Youth Initiatives in the Simmental Breed.
3. The Friends of Canadian Simmental Foundation is an opportunity to leave your legacy in the Simmental Industry. Through a memorial donation, a living gift or a bequest through a planned estate gift you can support the foundation in perpetuity. For assistance with the sale or more info about the Friends of Canadian Simmental Foundation contact any of the FCSF Directors listed on page 3.

We purchased MAF Mackfrid 27F, a proven foundation donor to build upon a strong foundation in our red Simmental program. Mackfrid 27F has not disappointed! This outstanding cow has a flawless udder from perfect teat size and placement with a great fore udder attachment. She certainly gets you excited about breeding Simmental cattle every time you look at her in the pasture.

On the sire side, R Plus 5015C needs no introduction. He's a bull that has proven himself making great daughters and sons. Here is your one and only opportunity to capitalize on this breeding combination as the rest of the flush have been implanted on farm. We are very thankful for what the Simmental breed has given our family and we are proud to give back with one of our very best genetic packages.

HOMOZYGOUS POLLED. A very exciting, Homo Polled Fullblood that brings so much to the table! After an impressive summer show run in Manitoba and making a pile of friends at Manitoba Ag Ex, Chevy was taken into serious consideration to add to our sire lineup. The best way we can describe him is that he resembles a horned fullblood in his loose hideness, huge hip, and dense build all while remaining extremely smooth and fluent in his joints and movement. Chevy transitions from front to back so effortlessly, stands on a big strong foot with lot of heel, has a dark red, heavy hair coat, has great pigment and a strong cow behind him. His mother, Halo 4H, is a powerful brood cow that checks all of the fundamental boxes. She is striking at every angle and has a really strong udder. We think Chevy has a tonne to offer the industry and being Homo Polled really is the cherry on top.

Burnout was the high selling bull from the Lewis farms bull sale this spring. He is a phenotypic stand out with an outcross, yet proven pedigree behind him. This bull has incredible feet and is very sound on the move. He bred exceptionally well for a yearling bull and held excellent condition while doing so. We are excited about this bulls future and will keep him very exclusive so don't miss out on this opportunity to secure some semen on this young herd sire.

HOMOZYGOUS POLLED, HOMOZYGOUS BLACK. The black blaze, outcross herdsire you say you can't find is the \$75,000 high seller from Crossroad Farms 2024 bull sale. Dateline has so much to offer in all aspects. Firstly, he is an impressive individual in the flesh, awesome haired, soft made, free moving, attractive and very complete. Secondly, his pedigree is both fresh and proven being part of the rookie calf crop from the newly imported sire, RFS Heavy Hitter H45. His gorgeous donor dam is one of the most attractive and proven donors in the breed and her litany of progeny at Crossroad are impressive to say the least. Lastly, and certainly not least, Dateline is a true curve bender with an actual birthweight of 85lbs and a sale day weight of 1,565 lbs. Those figures are backed up by his EPDs that put him in the top 15% for both calving ease and birth weight, but also rank him in the top 20% of the breed for weaning weight and yearling weight. Dateline already has so much to offer and we will be the type of sire whose breeding possibilities are endless.

HOMOZYGOUS POLLED. One of the most accomplished results from two of the most influential animals in the Simmental breed is the \$120,000 Lethal Weapon. A typical Rancher son with his foot size and quality, hair, color, and softness coupled with the classic Sage 506C stamp, being huge ribbed, docile, sound structured, and attractive. Lethal Weapon sets the standard for size and performance while remaining extremely easy striding and proud fronted. He is the type of bull that never has a bad day and has been a standout since birth. His pedigree top and bottom is the type you could write a novel on and we believe Lethal Weapon is the type of bull to elevate any program and build around.

Ruger is a bull that caught our eye as soon as we saw him in the catalogue this spring. He's an extremely attractive made, long bodied, soft made, dark red bull that we are very excited to have in our herd bull battery. He is super athletic with a big sound foot on him. He's backed by a super productive sound made Law Maker cow going back to the Scream 215Z cow. He's high performing with a lot of maternal strength backing him in an outcross pedigree.

HOMOZYGOUS POLLED, HOMOZYGOUS BLACK. The hottest bull in the Simmental business right now is Caliber, the powerhouse performance sire that is cutting a wide swath and known in and out of the breed. He is a sire that adds frame, mass, and power, but also hair, look, and presence. Selling for \$150,000 in 2021, the bar was set high but his progeny have absolutely smashed through all expectations. The list of high dollar progeny is simply too long to list, highlighted by the \$240,000 WF Capital at FNL 2023. With the maternal backing of the great RF Not Just a Flirt 404B, Caliber daughters are sought after and will be his legacy. One of the cool things is to see all of the Angus cows that are now getting flushed and bred to Caliber, it is a very high number and some absolute top females. Get in on Caliber and reap the rewards as he takes you to new heights.

When Black Gold wanted to find some of the highest quality red genetics in 2022 it took them to Westway Farms. Mountain View hit everyone hard with his blood red colour, awesome haircoat, smooth but powerful body shape, and attractive presence and build. After seeing his elite baldy donor dam and impressive EPD profile, we knew we needed to add him to our bull battery. To say Mountain View offspring have impressed is a complete understatement, this is a super complete sire has produced bulls and females that have blown the doors off the Bull & Female Sale. This is a proven sire that will not disappoint!

POLLED. Since the summer of 2022 we knew Malone 39K was a bull we needed to keep on our short list of sires we wanted to try and obtain. He was so impressive at every stage of his life and that's something we feel is so important. Alongside his gorgeous bodied, good uddered dam he was a standout on grass and has extra muscle shape and expression. In January of 2023 he had matured into a stout hip, big boned, heavily muscled polled bull with great colour and pigment. By sale time he was so well promoted and many astute cattlemen had gone to evaluate him and he was a \$100,000 high seller. Malone has a tonne to offer the industry and is the type of bull to elevate a program and take you to new heights.

Polled 100% Full Fleckvieh. Non Diluter - BORDEAUX has succeeded to impress us with his very first calf crop. His calves are heavy muscled with loads of performance. The calves are long spined, deep bodied with lots of spring of rib. The heifers are deep bodied and thick with enough femininity to make great momma cows. The bulls are without a doubt the best bull calves we've ever produced at Masterlock Simmentals. BORDEAUX has passed on his awesome smooth fluid movement as well as his excellent feet and legs. BORDEAUX also passes on his dark red pigment along with putting a blaze or large goggles to even diamond faces on his calves. Bordeaux is a bull that just continues to impress and gets better every time you see him. You won't be disappointed.

\$1000 sale credit to Rich Mc Farms

For any live animals or frozen genetics that we offer in a sale or privately.

Rich Mc Simmentals/Farms LTD is a family farm located in southern Manitoba. It all started in 1978, with Mylia's parents being the first-generation of Fullblood Simmental breeders. Now in our third generation, we are dedicated to developing the highest quality of Fullblood, 100% Fleckvieh genetics. If you are looking for top end homozygous polled, polled, or horned Fullbloods, have a look at our genetics. We would be honored to have you visit the farm in Pilot Mound, Manitoba, and to treat you to some great hospitality. Our cattle are currently marketed in the Fleckvieh Heritage (Roland, Oklahoma) on September 21, 2024, and at the Keystone Konnection Sale (Brandon, Manitoba) on December 3, 2024. Additionally, we also market some live and frozen genetics privately. - To be used by June 2025

	87 lb	852 lbs	1518 lbs		6.3	3.6	105.7	170.0	6.7	74.4	21.5

FSS Polled Hendrix is 8 years old in 2024. It sure is nice to see a bull of his age moving so freely and athletically. A bull that leaves calves with moderate bone and structurally so correct. Certainly recommend using him on heifers and mature cows. His pedigree is unique along with being Homo polled and diluter free. A very interesting bull.
Full Fleckvieh Fullblood

JB CDN Sarcee has quickly become an anchor in our breeding program. His sire, Double Bar D Spitfire put us on the map and as mentioned for years, you would be hard pressed to find better full blood females than those sired by Spitfire. Sarcee has already proven in his first calf crop that his bulls will be noted for their length, power and frame but his real speciality will be his exceptional females. Between Spitfire and JB CDN Antebellum, this genetic combination just screams maternal. Sarcee and Spitfire both have been kept exclusive to the market so be sure to watch for Sarcee's first calves to sell as they will be memorable.

This is an opportunity on Robb Warrior 91H. Whether you like phenotype, pedigree or EPD's, Warrior has all the bases covered. His dam & grand dam are donor cow's at Robb Land & Cattle. If you're into EPD's, 13 out of 14 traits are in the top 25% or better in the breed! If you're into phenotype you will love the real performance, muscle and volume of this bonafide calving ease sire. And lastly, if you like production, his calves at both LA Ranch and Rancier Farms are outstanding. His numbers don't lie, he has proven himself as a sleep easy sire that will leave you with payweight in the fall.

It's a pleasure to donate this year to the foundation and all the great things supported through these efforts. Crossroads Connected CRF12G is a bull we were proud to partner in a few seasons ago. He has added a touch of Fleck influence into many programs around the country. His progeny are long bodied, thick made and maternally strong. The bulls are very well received from both commercial and purebred breeders alike.

90 lb	873 lbs	1527 lbs	2.5	6.2	98.8	151.3	3.3	73.6	24.2		

ZSL Tillman 127H, is a powerful red blaze faced bull we partnered in from Spring Lake. The Tillman calves are stout, hairy and east doing. He himself is a great specimen and is currently walking the pastures at Diamond R Stock farm. Tillman will increase performance numbers, add some blazes and dark red colour to your program. We are a small operation that doesn't have much opportunity to get out into the show ring but these bulls are excellent breeding pieces, not as well known as some but will definitely increase the bottom line of any progressive program.
