

2021 FCSF ADVANCING EDUCATION BURSARY WINNERS

Advancing Education Bursary Award allocates funds to CSA members 25 years of age and younger. Funding awarded must be used for training for conferences and agricultural events to further skills and education in the agriculture industry.

Shyanne Reynolds

FCSF funds to be used towards an artificial insemination course, Consul SK

Shyanne is currently in Grade 12 at Consul School. Shyanne grew up on a farm in Southwest Saskatchewan, where they raise commercial cattle. Her involvement with the Simmental Association began in 2016 when she won the Arnal Boys Memorial Bursary to buy her first purebred Simmental heifer. Shyanne has continued growing her herd each year. Shyanne has been involved in 4-H for 8 years. Shyanne enjoys showing cattle at various shows throughout Saskatchewan and Alberta. Her future plans include going to Lakeland College to study Animal Health Technology to become a Registered Vet Technician. While attending Lakeland Shyanne plans to take an AI course to expand her herd genetics.

Rylee Rogers

FCSF funds went towards an artificial insemination course, Drayton Valley, AB

Rylee goes to school in Drayton Valley at Frank Maddock High School and is in the 11th grade. She lives about 20 minutes north of Drayton Valley where there family raise purebred and commercial Simmental and Hereford cattle. Rylee has recently earned her certification in cattle insemination at Lakeland College and can't wait to diversify the genetics into her herd. Once Rylee graduates high school she hopes to take a year off to gain some practical knowledge in the cattle industry and then apply that knowledge in her post-secondary studies.

Jordynn Rogers

FCSF funds went towards an artificial insemination course, Drayton Valley, AB

Jordynn Rogers lives just outside of Drayton Valley Alberta where her and her two sisters raise purebred and commercial Simmental and Hereford cattle. Jordynn has also been involved on a huge level with the local 4-H club since the age of nine. It was through this club that her passion for cattle and the agriculture industry began and grew. Jordynn always looks forward to attending junior shows throughout the summer, but would say her favorite part of the industry is by far calving season!

To apply visit simmentalfoundation.com

Application deadlines are March 1st and October 1st of each year and will be reviewed for approval by the Foundation Board of Directors during the spring and fall board meetings.
